

FIREWOOD RACK PLUS COVER

12 ft. / 3,7 m

3300 lb. LOAD
1,496.9 kg

HIGH GRADE STEEL FRAME

Best in class 1-1/2 in / 3,8 cm round tube frame delivers solid frame for wood storage.

PREMIUM POWDER COAT FINISH

Provides 4-season protection against chipping, peeling, rust and corrosion.

RAISED STORAGE

Keeps wood off the ground, preventing insect infestation, mold and rotting.

REINFORCED SPREADER BAR

Adds ultimate strength and stability to rack frame.

TWO WAY ADJUSTABLE COVER

High quality 300D polyester fabric cover. Innovative design adjusts to fit cut wood up to 24 in. / 61 cm. Easily slides up and down the frame with the height of the wood stack. Results - always dry usable wood.

OPEN AIR DESIGN

Maximum airflow is achieved through half cover design. Provides excellent ventilation to accelerate seasoning. Keeps top levels dry.
